**WARNING:**

Patent applicants are cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2035 submitted for payment purposes) is never required by the USPTO to support a petition or an application. Patent applicants are advised that the record of a patent application is available to the public after publication of the application (unless a nonpublication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2035 submitted for payment purposes are not retained in the application file and therefore are not publicly available.
